

Who's the
Kitchen Star ?

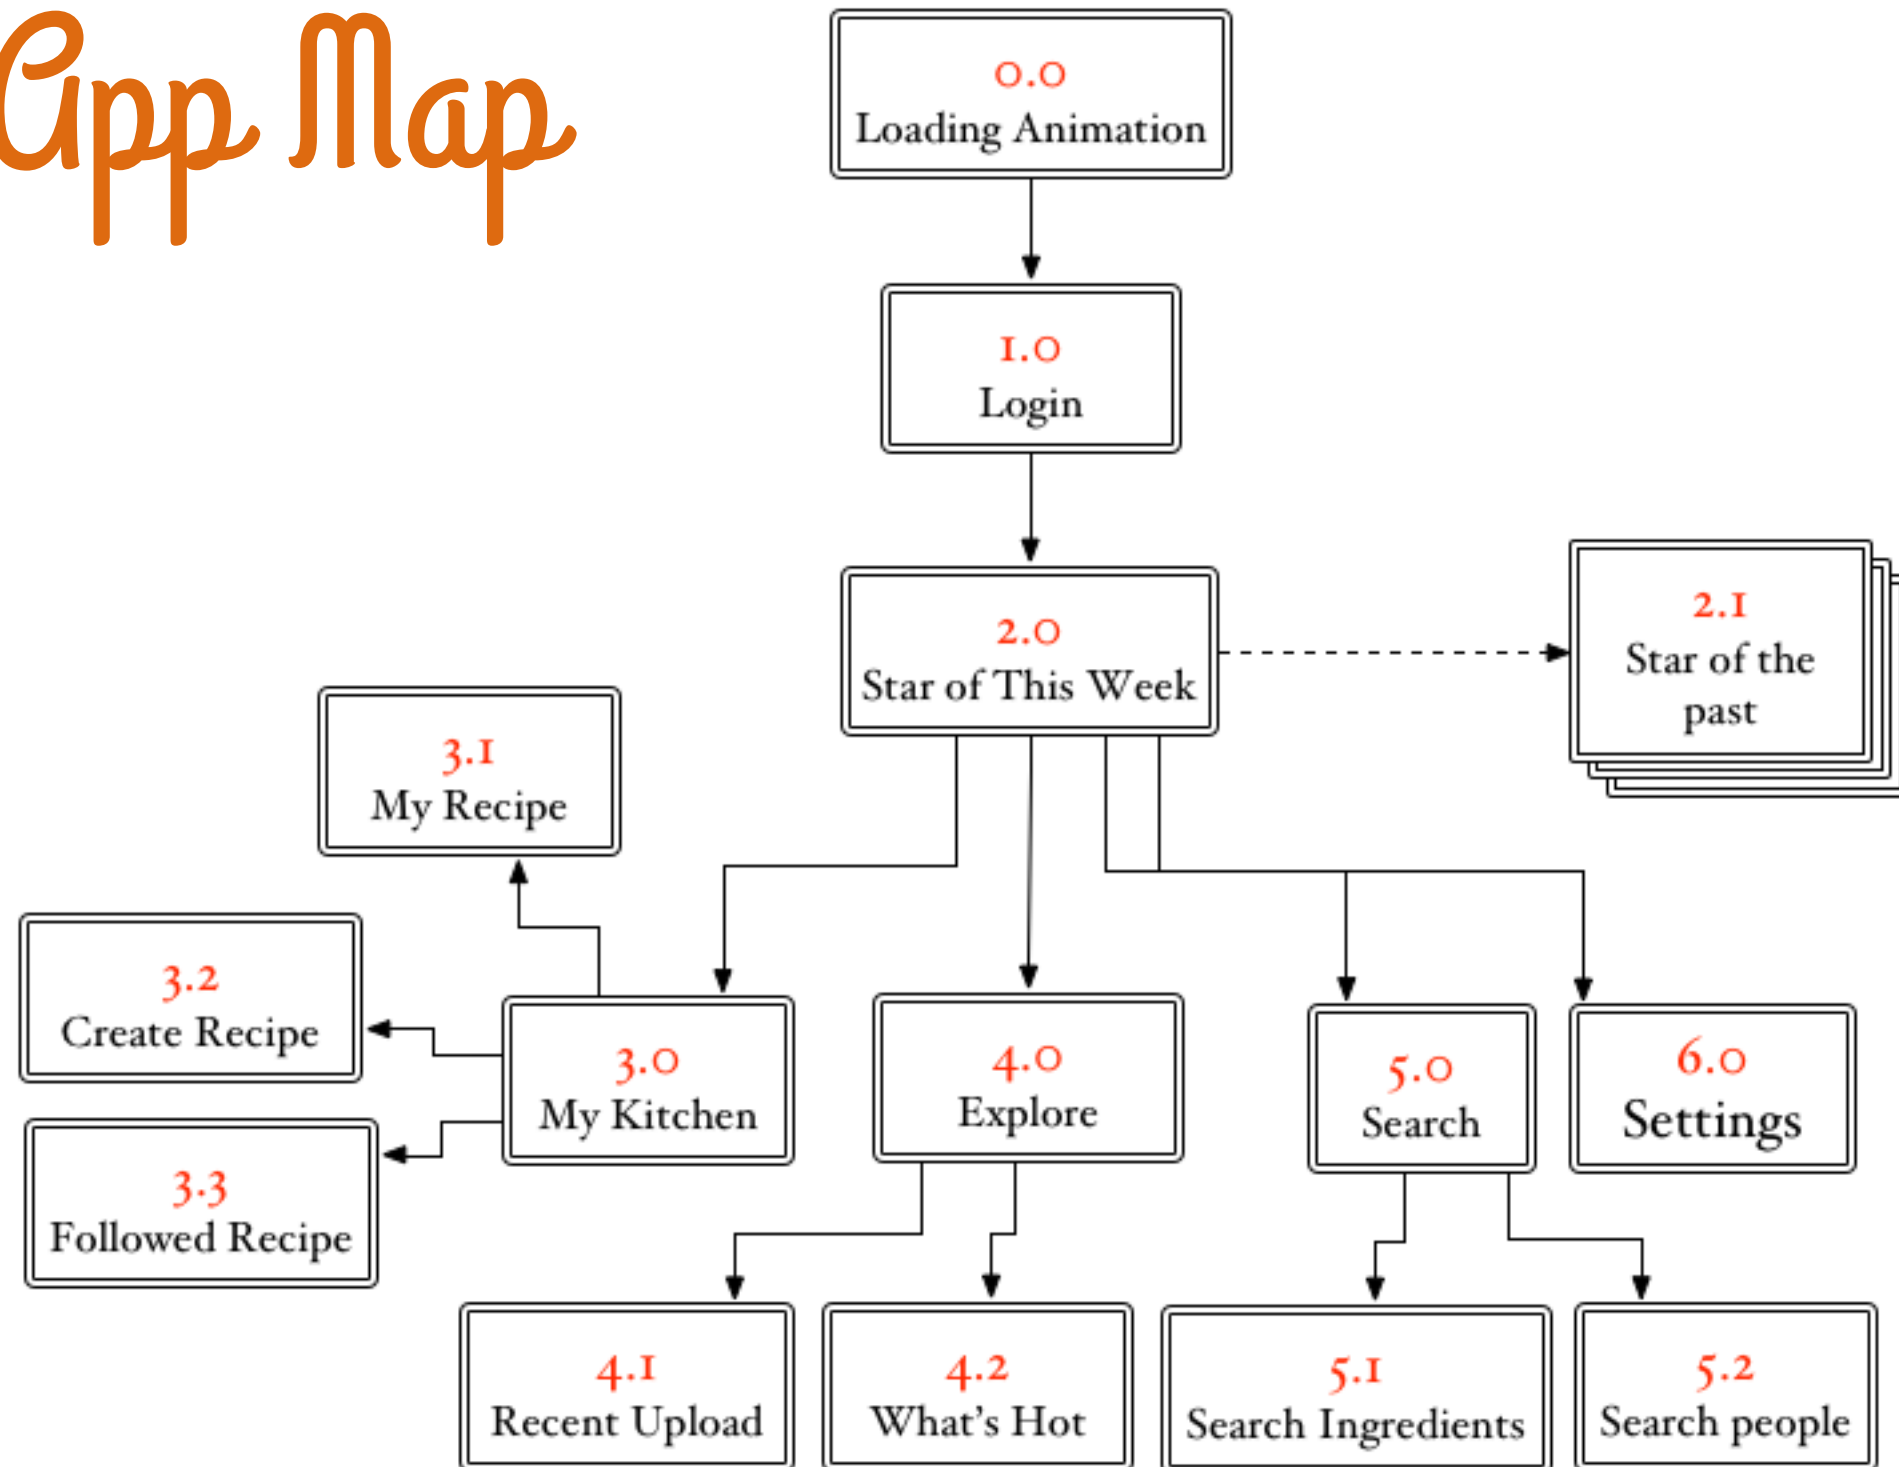

app map & framework

By Sophie Ma

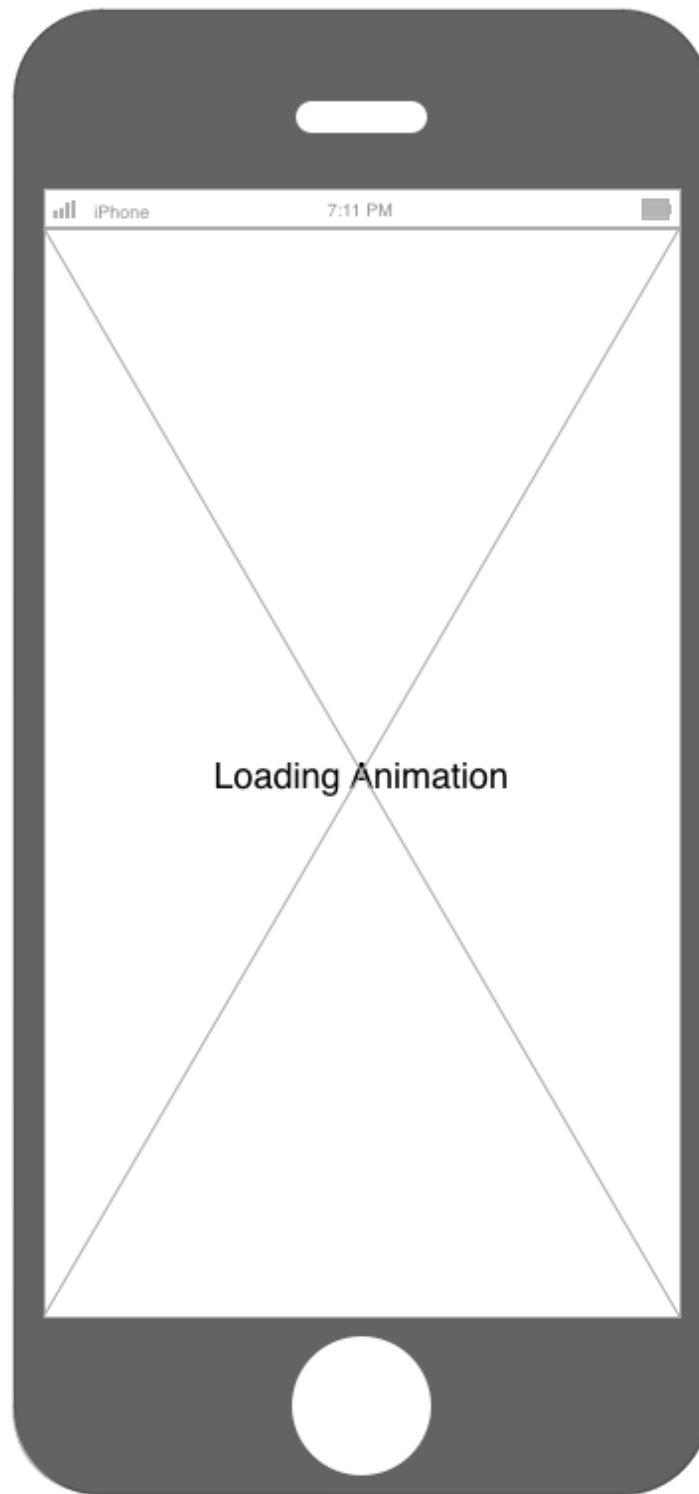

Concept

“Who’s the Kitchen Star” is a food app. Users can create their recipes in this app; they can also “like” or follow other users’ recipes. Every week, the user who earns the most “likes” will be the star of this week, and he/she will be appeared on the “Star of This Week” view of this app for one week.
