HOW TO

▼

1. get the material done

2. cut all the apples by pieces

3. cut only the half of the pieces

4. don't cut all the cover, cut the half and from there, you can curve 1/3 of the apple, and make the V shape

5. practice makes perfect, good luck!

tutorial for video 5

Hi! this will take just a sec!

when you take a video,
make sure you edit, because
no one wants to see entire 30 min video!

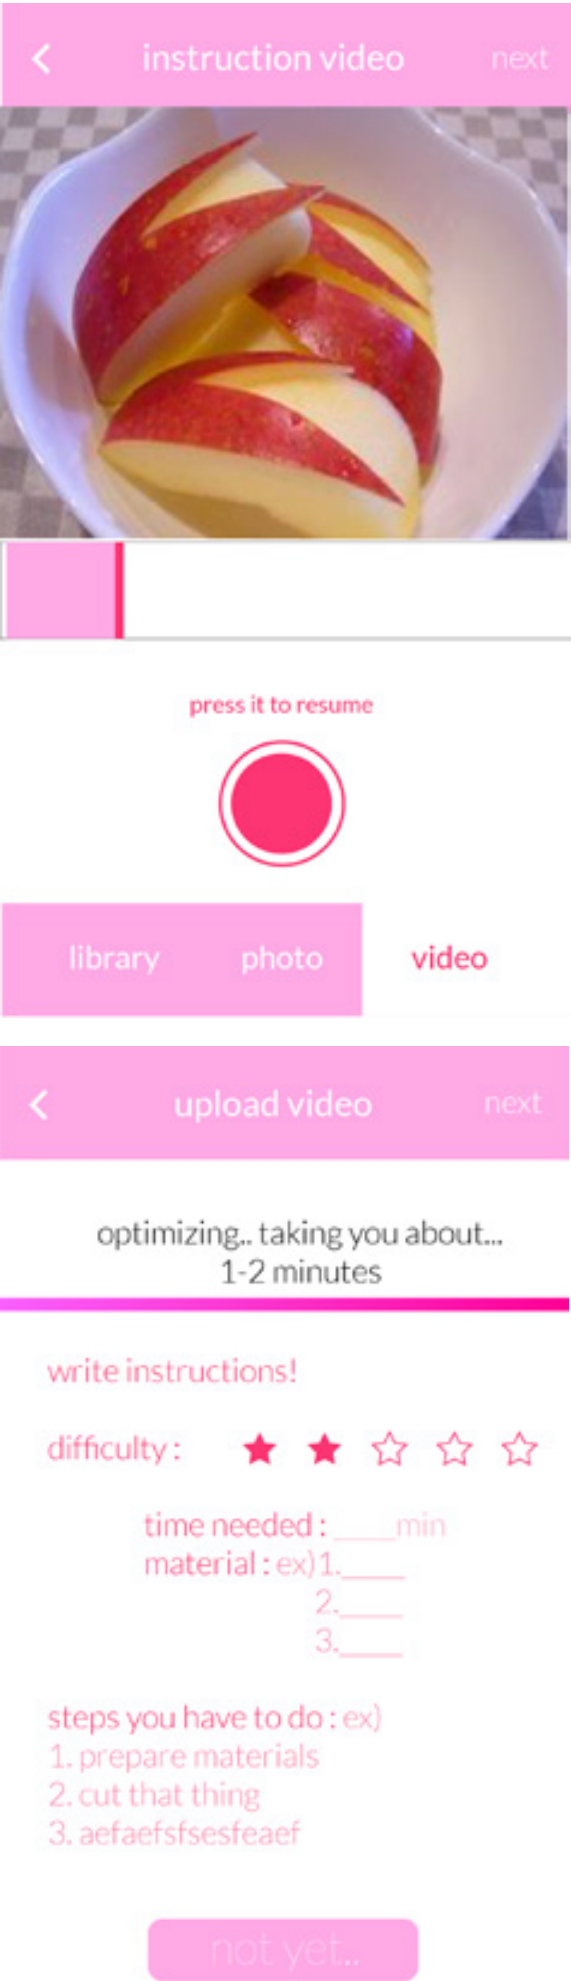

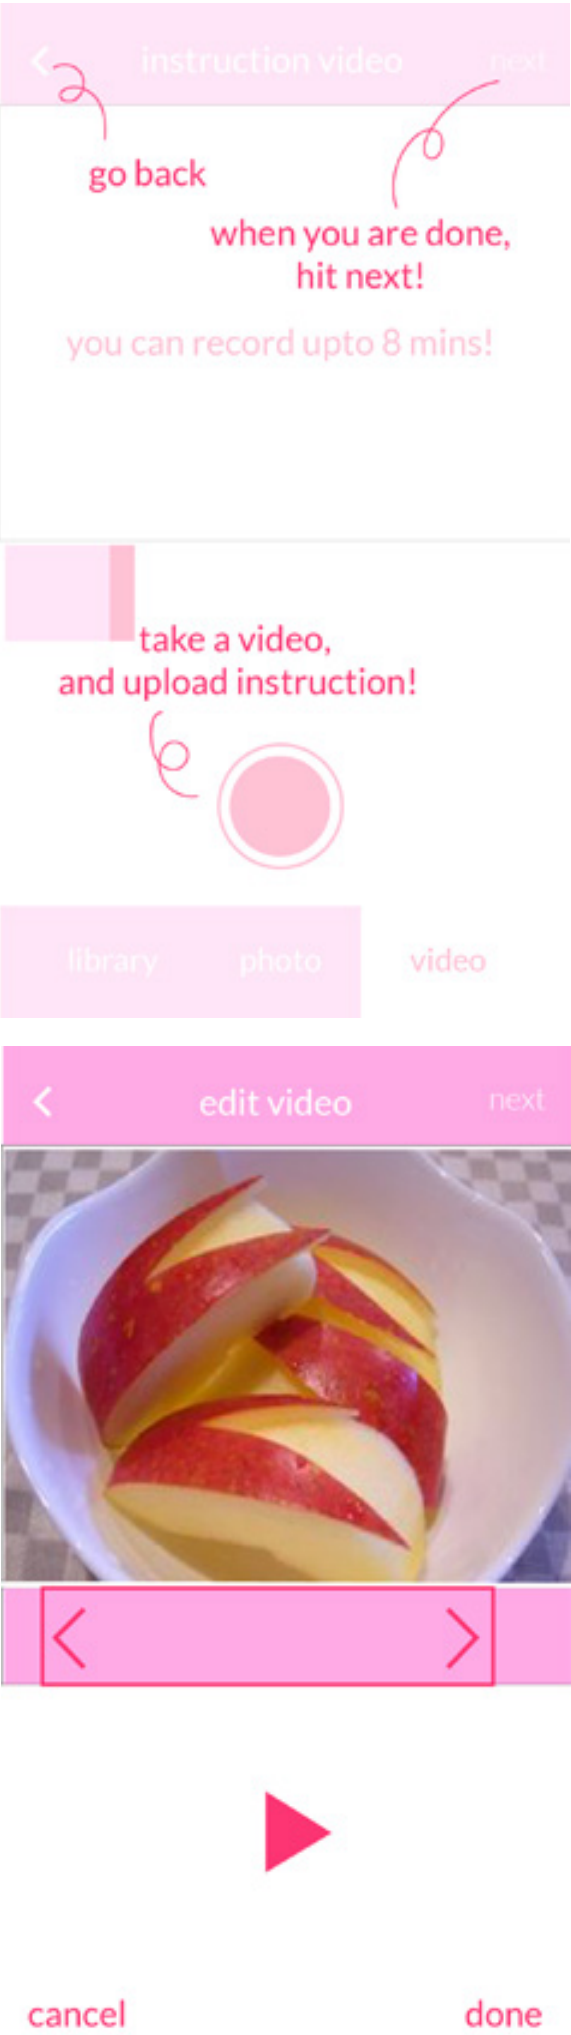

make sure you get all
the important parts!

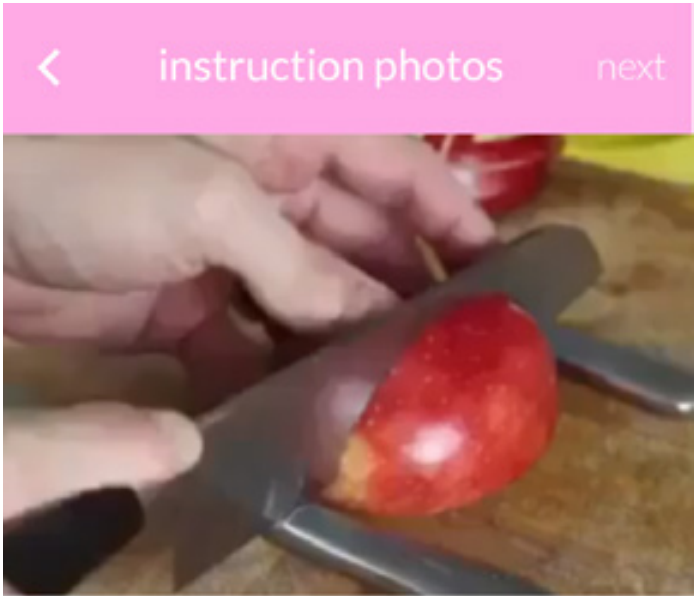

that's it! now I want to
learn from you!
