Boil Monitor

Shih-wen 'Angela' Chen

A large, dark-colored pot sits on a gas stove burner. The pot is filled with water, and a thick layer of white steam is rising from the lid, partially obscuring the top of the pot. The background is slightly blurred, showing a kitchen counter and some papers.

**Monitor your pot using your iPhone camera
and keep track of the cooking state
by your Apple Watch / Apple TV
without watching it yourself.**
