Glossier Phase 1 Set

If you only use three products every day, make them these. Milky Jelly Cleanser gently dissolves makeup and grime, Priming Moisturizer hydrates while visibly minimizing redness, and Balm Dotcom (in your choice of flavor) soothes dry, chafed skin.

How to use:

To start your day—massage 1-2 pumps onto wet skin (keep it in the shower!) and rinse.

To remove makeup*—on dry skin, gently and thoroughly massage 2-3 pumps directly onto eye area to melt away mascara; add water, massage over the rest of your face, and rinse.

*unless it's waterproof, in which case you should use a cleansing oil, and follow with Milky Jelly for complete clean.
